Barristro
Café/Patio Seating

Barristro Seating
In the fall of 2012 SiteScapes proposed a design competition to the University of Nebraska's Architecture department and the student chapter of AIA. The Barristro collection is the fruit of that colaboration.

Designed by Justin Brouillette, the Barristro collection was proposed as a small family of like minded urban furnishings with an array of uses and users in mind. The collection's fluid geometry allows for modular pieces to interact in interesting and unique ways.

Barristro backless seats can double as end tables or foot rests and provide additional ways to personalize your space.

Materials
Seating Area – 1/4" Steel plate
Interior Tubes - 2" x 2" square tube
Foot plates - 1/4" stainless steel

Sustainability and LEED
Barristro seats have a recycled material content of 99% of which 87% is post consumer content. This content may vary based on the product design, product material type, and interchangeable piece parts. All styles are 100% recyclable. For more information about SiteScapes sustainable products and policies, please refer to our Environmental Statement.

Choices
Choose backed or backless; powdercoat or Duracoat finish; and color.

Finishes
SiteScapes offers product in both a standard powdercoat and its own proprietary Duarcoat finish. Both finishes are designed to weather the elements and are guaranteed not to rust, chip, peel, or fade. Call for a standard color chart.
