Meridian Metal Rod Receptacles

Meridian Receptacles

Utilizing a rigid metal rod construction, these receptacles are as exquisite as they are sturdy. This receptacle's robust composition allows a combination of durable materials and smooth contours resulting in unique addition to any venue.

Materials

- Metal rods are solid 5/8" o.d. solid
- Heights of 35" or 40" (32 or 40 gallon respectively)
- Flat lids, domed lids, ash top lids, or fully enclosed lids

Sustainability and LEED

Meridian receptacles have a recycled material content of 99% of which 87% is post consumer content. This content may vary based on the product design, product material type, and interchangeable piece parts. All styles are 100% recyclable. For more information about SiteScapes sustainable products and policies, please refer to our Environmental Statement.

Choices

Choose 40 gallon or 32 gallon capacity; flat, dome, ash, or enclosed top; powdercoat or Duracoat finish; and color.
